Trained hundreds of users of Sage products both one-on-one and classroom style.

This frequently includes incidental training of bookkeeping, accounting, & office systems.

Used as consultant by: other resellers, training organisations eg Pitman, and accountants.

bbsol Ltd.

For 22 years bbsol has specialised in and only in the supply, implementation, training, support and development for Sage products. We have supplied over 1000 organisations ranging from sole traders to multi-nationals.

Although based in Portsmouth and Southampton we have implemented installations and provided training as far apart as Perth, Truro, Port Talbot, Wrexham, Norwich, Isle of Wight, the Channel Islands, Leeds, and London among many.

Sample recent projects include replacing Accounting, Payroll & HR systems at Exeter International Airport for owners Balfour Beatty with Sage 200; Upgrading Boarhunt Garages from Sage 50 to Sage 200; Training 5 accountants at a top 50 Accounting practice to use Sage Forecasting; developing links between Factoring software and Sage accounts for HSBC bank.
