Personally accredited by Sage as product expert on Sage 50 Including re-accreditation on latest versions every year.

Has designed and presented courses on Sage products, organised by own company bbsol also as course presenter for Portsmouth Chamber of Commerce.

Has also presented "Finance for Non-Accountants" on military pre-release courses.

Trained hundreds of users of Sage products both one-on-one and classroom style.

This frequently includes incidental training of bookkeeping, accounting, & office systems.

Used as consultant by: other resellers, training organisations eg Pitman, and accountants.

Bbsol Ltd.

For 30 years bbsol has specialised in and only in the supply, implementation, training, support and development for Sage products. We have supplied over 1000 organisations ranging from sole traders to multi-nationals.

Although based in Portsmouth and Southampton we have implemented installations and provided training as far apart as Perth, Truro, Port Talbot, Norwich, the Channel Islands Leeds, and London among many.

Our main product is now a Margin Scheme Trader software called Vehicle Trader but which is customisable for use by margin Scheme traders with other products.
